How to make an inexpensive Stripping Basket

Materials

1 IKEA Children's Footstool 4.99

8 Stainless Steel 10x1 pan head screws 16 cents ea.

8 14-16 x 1 3/8 Plastic wall anchors 6 cents each

1 Wading Belt (Bass Pro Shop) \$5.99

Total Price - \$12.74 + Tax

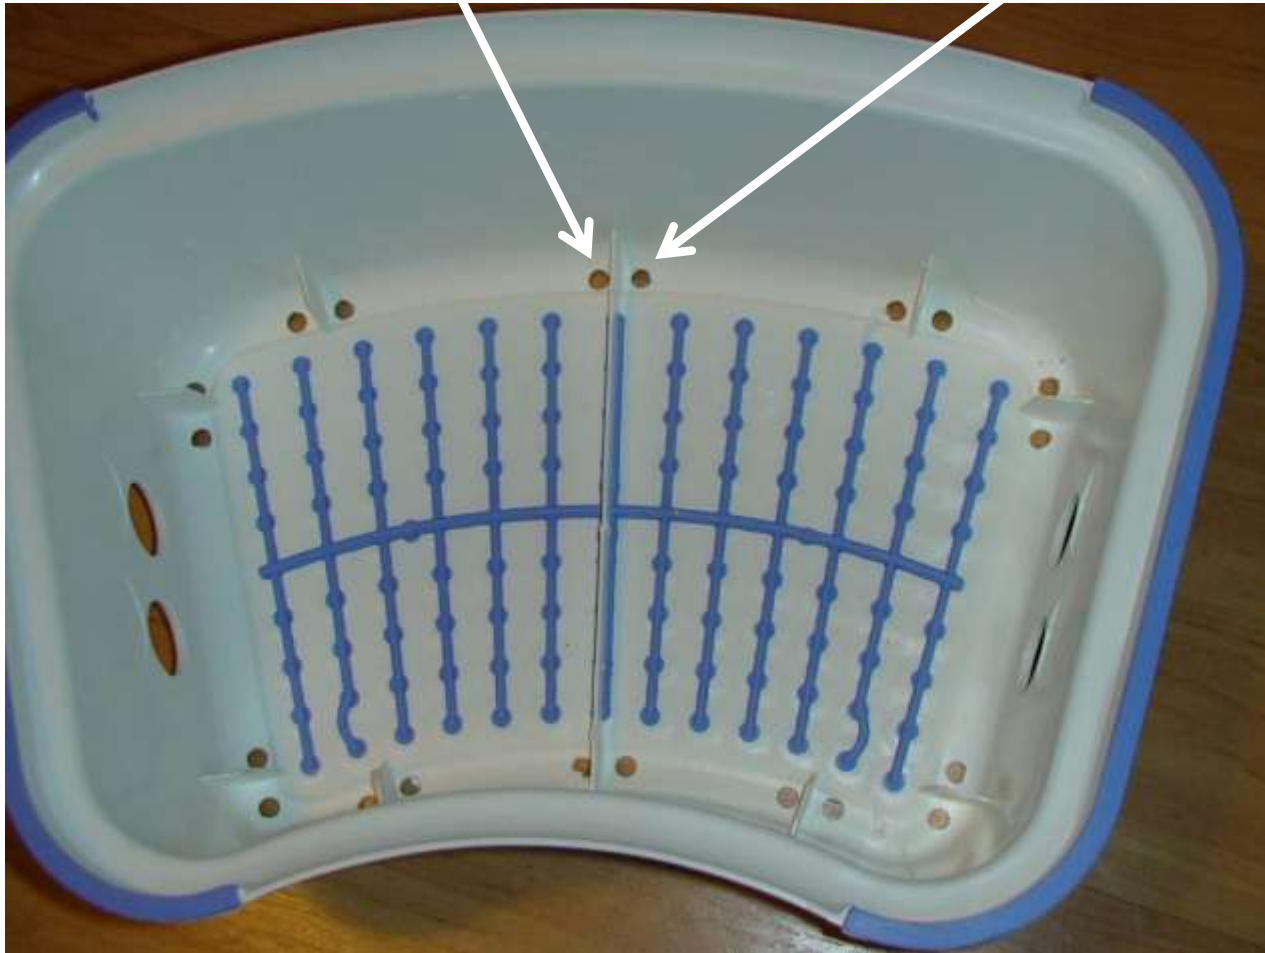

Tools

- Electric Drill
- $\frac{1}{4}$ inch drill bit
- $\frac{1}{8}$ inch drill bit
- Phillips head screw driver
- Pliers
- Utility Knife

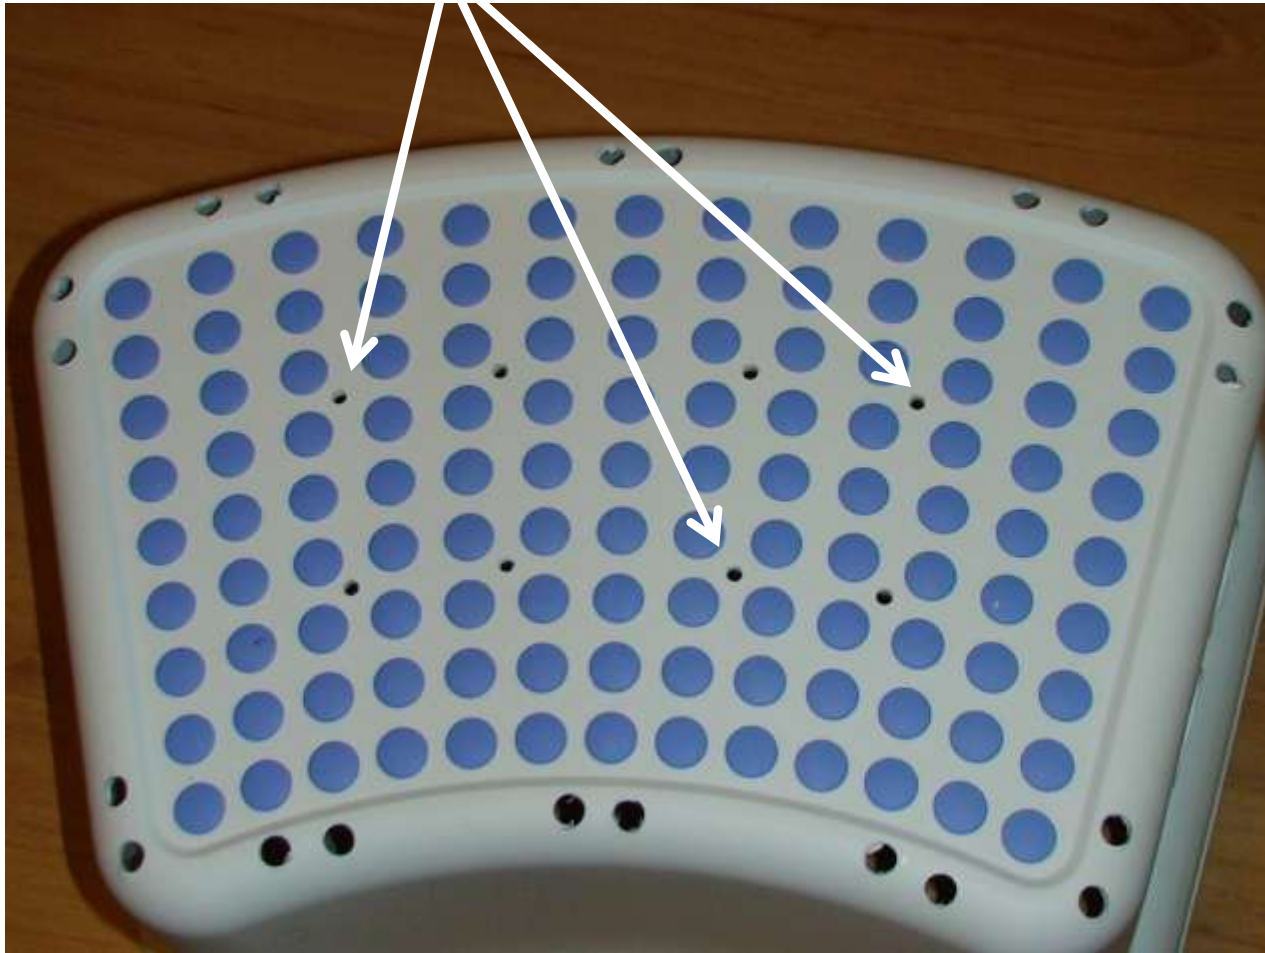

Invert Footstool

Drill two ¼ inch drain holes on each side of reinforcements

Drill eight 1/8 inch holes on bottom

Insert screws from bottom

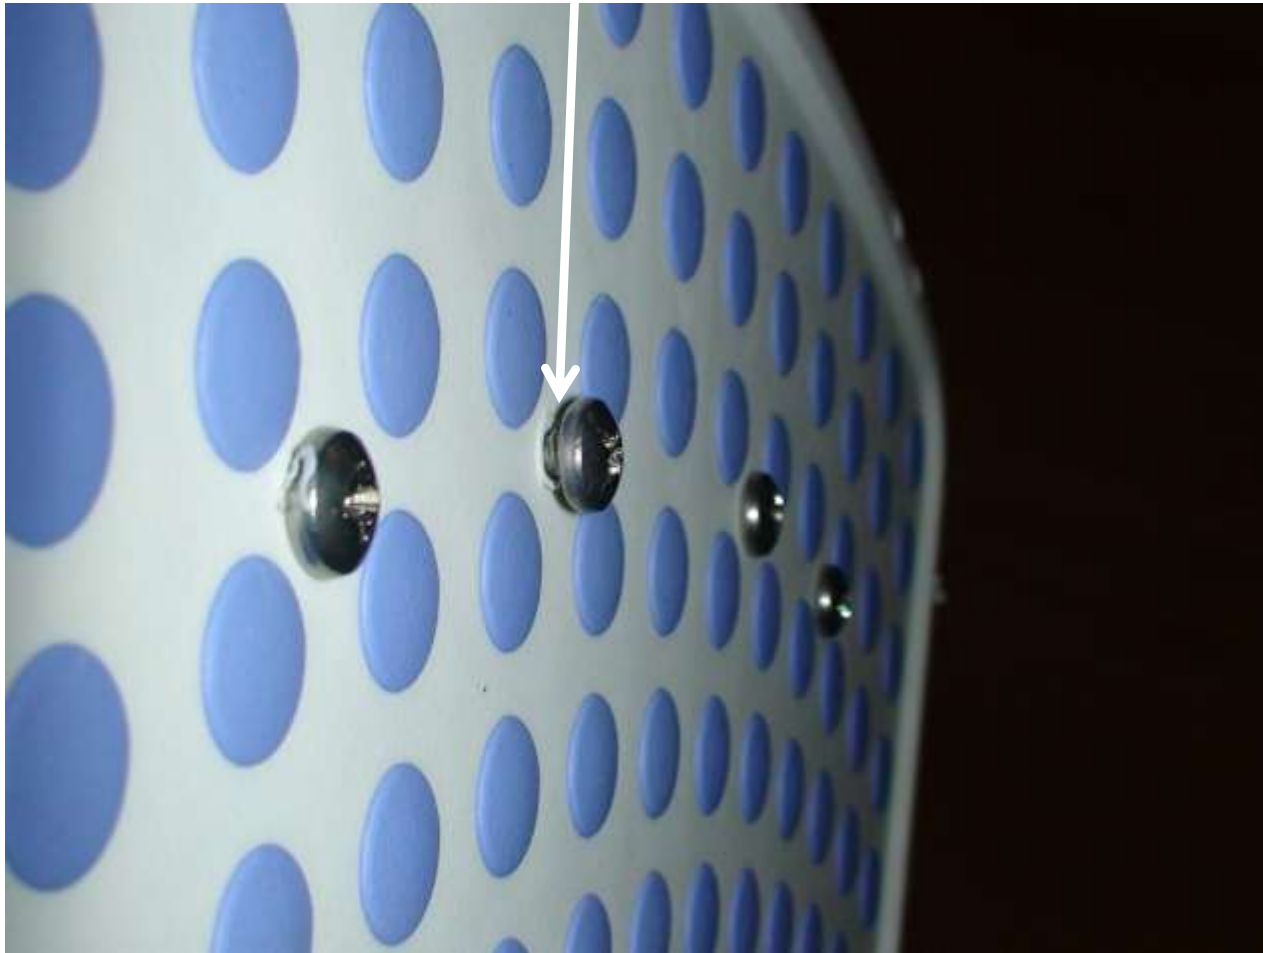

Insert plastic wall anchors over screws

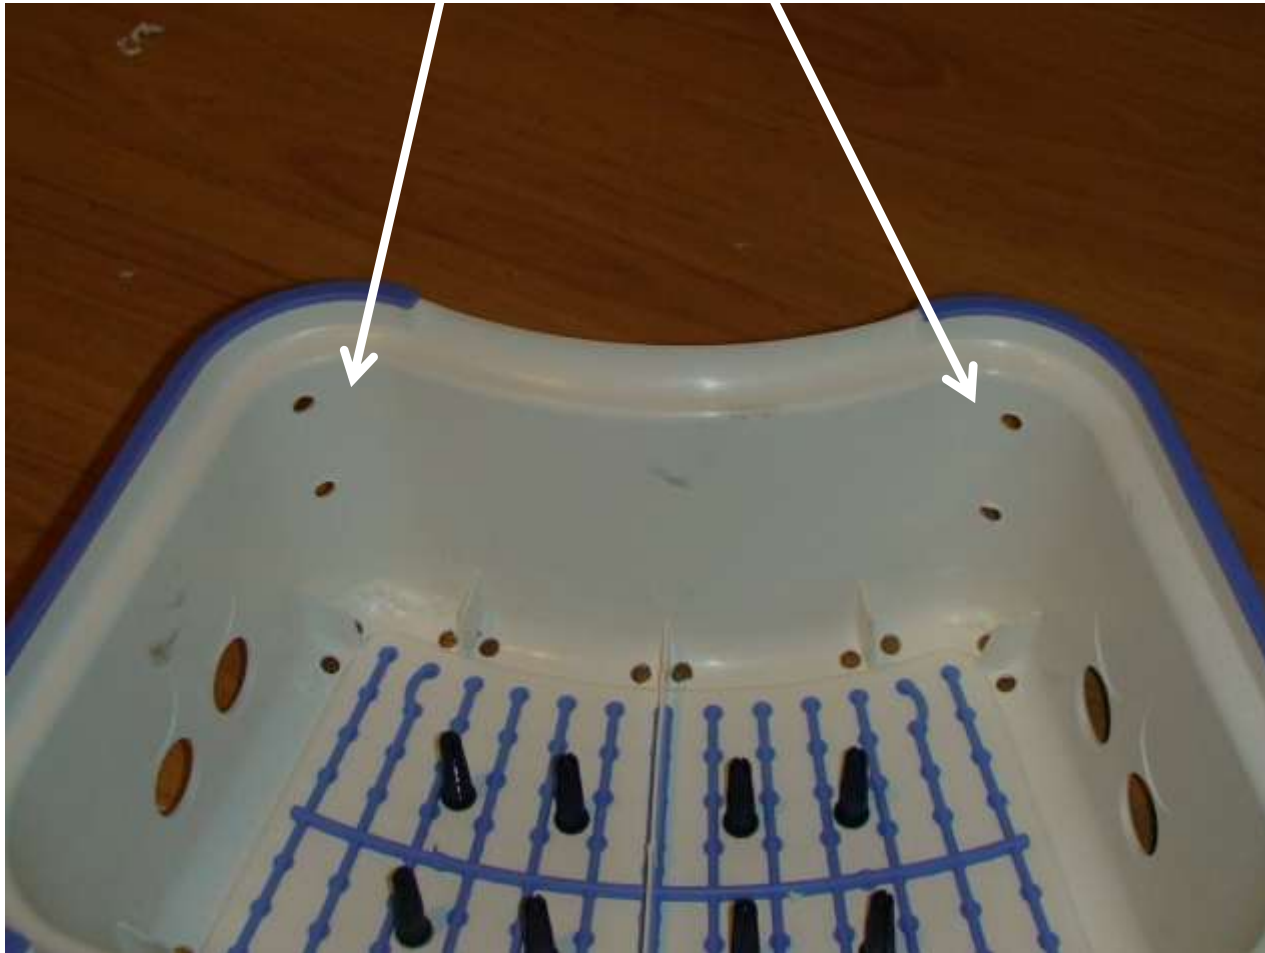

(you might want to put a dab of Gorilla Glue inside each anchor)

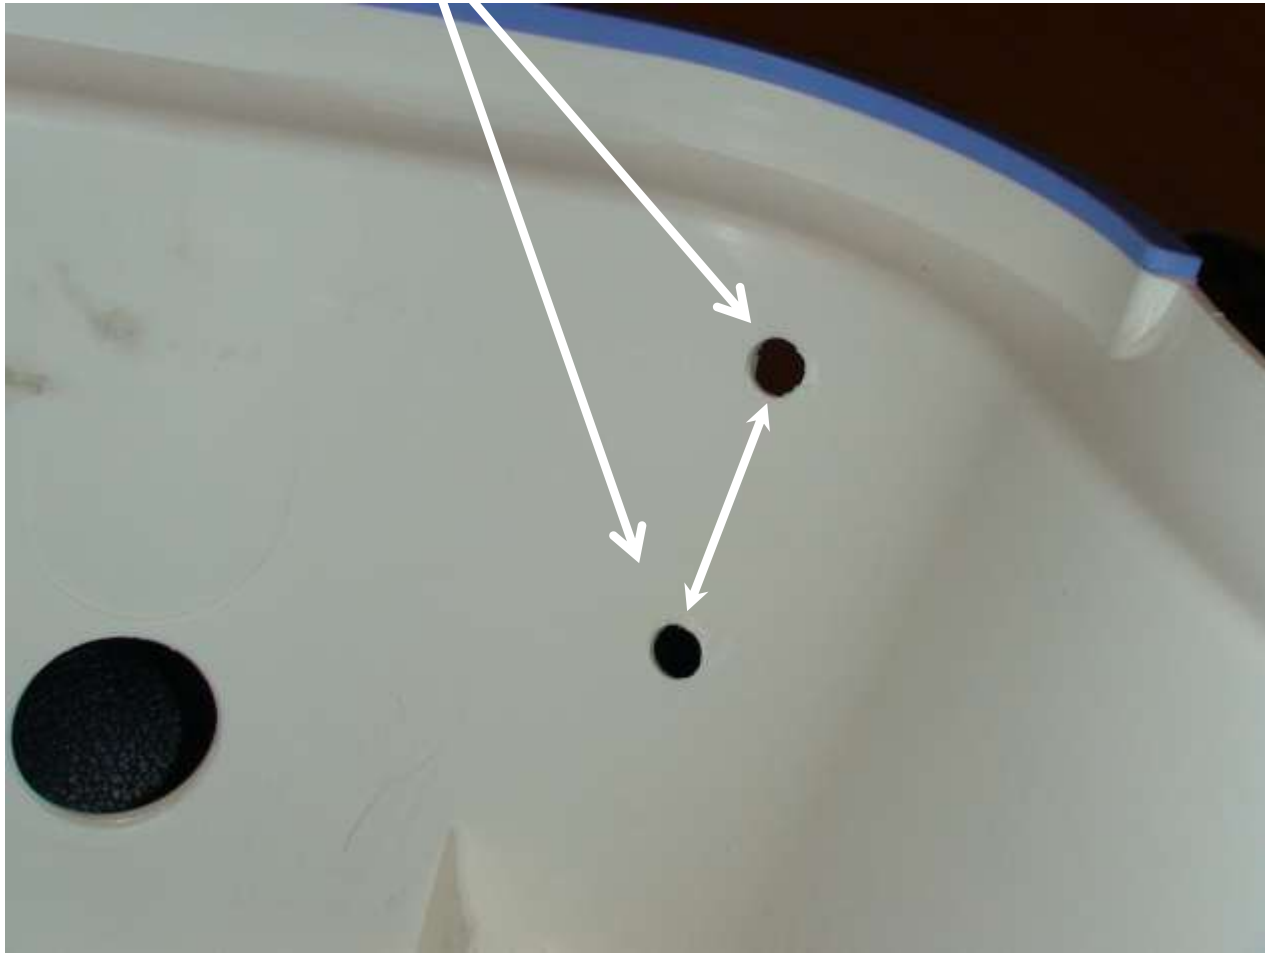

Make sure the screw is flush to the bottom

Drill two $\frac{1}{4}$ inch holes in the narrow end corners

Make sure holes are in the upper part of the basket and are far enough apart for your wading belt

Carefully, using a utility knife, clean out the space between the holes (heating the knife up makes the job a little easier)

Make sure the slots are somewhat even
